

MELANIN INNOVATIONS

Empowering Underserved Communities Through AI and Digital Skills

COMPANY DESCRIPTION

Melanin Innovations is a social enterprise with a dual focus on education and implementation, dedicated to guiding small businesses, entrepreneurs, and underserved communities through AI adoption. We demystify AI, making it accessible and actionable for all.

Mission-Driven: We are committed to making AI accessible to all, with a special focus on empowering individuals and small businesses, especially in underserved communities, to harness the power of AI for growth and positive change.

CORE COMPETENCIES

For-Profit Services (Melanin Innovations)

- **AI Solutions:** AI strategy development; Data analysis and insights; AI ethics and bias mitigation; AI training and development for employees; AI-powered product development
